

EU Declaration of Conformity - Arsenal

August 17th, 2018

To:
EU Receiving Agent

Subject: CE Marking for Product Arsenal

Dear Receiving Agent,

Arsenal is a product that ships worldwide. Due to its limited size, it is not possible to include the specific labeling required by all regulatory authorities on the surface of the actual device. Therefore, this labeling, which includes the CE Marking, has been included on the Device Packaging. This method of labeling is compliant with Directive 2014/53/EU.

Directive 2014/53/EU, Article 20, Rule 1 states "The CE marking shall be affixed visibly, legibly and indelibly to the radio equipment or to its data plate, unless that is not possible or not warranted on account of the nature of radio equipment. The CE marking shall also be affixed visibly and legibly to the packaging."

Per Directive 2014/53/EU, Article 20, Rule 1, the CE Marking has been included on the device packaging, and in the User's Manual which is available online from our company website, and in the Device's Software User Interface.

Sincerely,

Phillip Karls - Engineering
